

The Alabama Film Office (AFO) is updating our location photo database.

We are seeking your assistance by requesting photos of potential film sites in your community be sent to our office.

The photos will be viewed on our website by production companies when researching film locations in Alabama.

We have included a list of categories that are the most common requested sites:

Accommodations	Housing/Homes
Agriculture	Industrial
Airports	Lakes/Rivers
Auditoriums/Theaters	Landscapes
Automobiles/Cars	Military
Bars	Museum/Exhibits
Boats/Ships	Parks
Buses	Prison/Jails
Businesses	Religious
Casinos	Restaurants
Cemeteries	Roads/Highways
Cities/Towns	Schools
Coastal	Sports
Gardens	Towers
Government	Trains/Railroads
Hospital/Medical Facilities	Tribal/Native American
Lands	Water

Please limit the number of photos to 5 per category with 6-10 photos of the individual locations. Be sure to include interior/exterior views if possible and specify which location category the photos should be placed.

Digital photos are preferred and can be received via email or by mailing a photo disc (see address below). Each photo image must be in JPEG format. General resolution and sizing standards are:

1280 x 1024 resolution (or higher) for large web browsing
144-150 dpi
File size between 200 KB- 1.5 MB
JPEG Compression = 7 is good quality

Along with the photos please send contact, historical and background information on the locations. Include any past film productions that have visited the site.

Visit the AFO website at www.alabamafilm.org to view your community location photos.

If you have any questions or comments, please call our office at 334-242-4195.
